

F-MA, F-AL, SUSPENSION CLAMP

F-MA and F-AL suspension clamps are used to hang low voltage aerial cables on poles with insulated neutral messenger.

- F-MA is made of corrosion resistant and anti-UV material with high mechanical strength.
- F-AL is made of corrosion resistant aluminium alloy with high mechanical strength and weather resistant and anti-UV material.
- Neutral messenger is placed in the groove. For F-MA, it is locked by an adjustable grip device while for F-AL, it is locked by binding bolt equipped with wing nut.
- Easy installation, without any additional tool.
- No loose parts could fall off during installation.
- Standard: EN 50483-3, NF C 33-040
